005166	Detainee concerned about 88 year old father who he lives with.		Detainee has only been in 2 hours. Detainee is aware we will address his concerns when charge decision known.		
005157	Detainee detained at 1:38 and review took place at 03.05 – is it usual for reviews to take place so quickly and does this put the further reviews forward, or could there now be a gap of 13 hours?		Review time clarified, ie. There will not be an extension of time for review early.		
General Issues Raised					
We note no cereal bars although there are ordinary biscuits. We are told this is dependent on what stocks the canteen has. Are they not contracted to supply specific items? We are told Staff have difficulty seeing the outside cameras (eg entrance and exercise yard) when it's dark.					
Response at Time of Visit					
I do not know what kitchens are contracted to supply. The outside dock camera is next to useless at night and contractor had been told of this many times.

3385	Initially conversed ok. Expressed frustration at the lack of an update and waiting for process. As we were leaving he got very loud and aggressive – kicked door when it was closed. Viewing the log it appears this is why he was not updated – just get aggressive each time.		Log reflects DP's behaviour.

3387	Told ICV's it was first time in police custody but had not been given first time information leaflet.		Been released.		
General Issues Raised					
The new thermometer in the food fridge had been buried at the back under some sandwiches and therefore the reading was probably inaccurate. Some "complaints" regarding sandwiches for breakfast – ICV's were told that those were people who may harm themselves with a spork.					
Response at Time of Visit					
Thermometer issue being dealt with by Insp Kynaston. All DP's were offered cereal but some wanted sandwiches.

3133	Denied by custody sergeant on arrival: DP in D2 – highly emotional – does not wish to have any contact with anyone including ICV's. Been referred to Criminal Justice Liaison and diversion (CJL&D) – (Mental health team) and medical team. Own medication (being held by staff) and seeing nurse during ICV visit. ICV's chose to respect his privacy and did not do a visual check.		Detainee in cell D2 does not wish to be seen by anyone within the block and this is proportionate as his anxiety levels are high. This has formed part of the care plan and risk assessment			
General Issues Raised
