MINUTES AND MATTERS ARISING

- 3.1 The draft minutes of the meeting held on 27 January 2025 were approved as a true and accurate record.
- 3.2 The Chair provided information regarding the actions on the Action Log and would circulate the document following the Panel meeting. All actions from the previous meeting had been completed.

Action: Governance Manager – share the Action Log

4.0 VISIT REPORT

4.1 The Chair highlighted key data from the visits during Quarter 4, 1 January 2025 to 1 April 2025.

- Seventy-six people were visited out of the 174 who were detained. Ninety-two visits were offered in total, and sixteen detainees refused. Eighty-three percent were happy to speak with the ICVs which was positive.
- Of the detainees that were not spoken to, 35 (38%) were asleep at the time of the visit and 16 (9.2%) refused a visit.
- Visits were made on every day of the week with a good variety of times, achieving visits during every time slot at Weymouth and all but one at Bournemouth. The Chair thanked the visitors for their achievements.
- The waiting time for entry into the custody suites was within five minutes for every visit this quarter, another positive result for Dorset Police. The Chair asked the Custody Manager to thank the staff.
- The average length of visits had been between 1 and 2 hours.
- The number of late inspector reviews had reduced this quarter from twelve down to nine, but visitors had not noted any occurrences of detainees not being informed of their review following a sleep period.
- The number of late 30-minute observation checks had slightly increased by one, but there had been no late 60-minute observation checks recorded this quarter.

CUSTODY VISIT REPORTS

4.2 Bournemouth 8 January 2025 Report 1134

The ICVs reminded the Governance Manager to amend this visit record as one detainee had been recorded twice in error.

Action: Governance Manager – to correct recording error

4.3 Weymouth 21 January 2025 Report 1169

The ICVs had recorded a cracked tile in one of the cells. The Custody Manager advised that Health and Safety and Estates had visited the cell, risk assessed and had been decided no further action would be necessary. He added that there had not been any adverse incidents recorded.

4.4 Bournemouth 31 January 2025 Report 1183

The ICVs had waited for an hour and a half before an officer had been available to escort them. They had observed how busy the staff had been during their wait. The Governance Manager had expressed her disappointment for the delay but agreed with the Custody Manager that the care and welfare of the detainees must be the priority.

4.5 Bournemouth 18 February 2025 Report 1212

ICVs had noted from a detention log that detention had been authorised for one detainee held under PACE, but the log stated the Immigration Service had authorised further detention.

Added following the meeting: The Custody Development Officer had provided the following explanation.

If the detainee is being held under PACE for immigration purposes then the Immigration Service will authorise further detention as it is their investigation. They will become an Immigration detainee once the relevant paperwork (IS91) is served.

4.6 Weymouth 27 February 2025 Report 1235

The ICVs had reported that the Torah had been missing within the religious tracts, a new Torah and another Jewish prayer book recommended by the local Rabbi had been provided since the visit.

4.7 Bournemouth 17 March 2025 Report 1251

During this visit ICVs had noted an infestation of drain flies in the shower room which had resulted in two cells being out of use. The Custody Manager advised that the issue had been resolved and cleaning staff would regularly flush the drains to prevent any further reoccurrence.

ICVs had also recorded a further cell had been out of action due to a faulty door. The Custody Manager advised that he had met with the Head of Estates to discuss the issue, and efforts were being made to resolve the issue as soon as possible. He added that there had been no adverse incidents.

4.8 Weymouth 18 March 2025 Report 1259

Following a lengthy discussion with the Custody Sergeant, ICVs had decided not to visit a foreign national detainee who could not speak any English. The Force had already used the interpretation service to speak with the detainee and had been waiting for further contact from them. The ICVs had been keen not to upset the detainee unnecessarily as it would have been likely that he could not have understood why they were there. However, due to the vulnerability of the detainee permission was given for the ICVs to view the detention log. The ICVs asked that the custody staff be thanked for their assistance with this case.

Action: Custody Manager – share thanks from ICVs.

4.9 Weymouth 20 March 2025 Report 1263

During this visit, the Escorting Officer introduced the ICVs and used the first name of the detainee in his introduction. ICVs asked the Custody Sergeant to inform the officer that the use of names should be avoided. The Custody Manager agreed to issue a reminder to staff not to use names to keep anonymity for all.

Action: Custody Manager – issue reminder to staff.

4.10 Bournemouth 30 March 2025 Report 1276

ICVs noted that two detention logs had been mixed up between a female adult and a female juvenile creating confusion around references to Appropriate Adult attendance. This was a human error which has now been rectified.

4.11 Bournemouth 3 March 2025 Report 1286 – Paper copy added 31 March

ICVs had asked if fruit could be provided to a detainee who had been in custody for a day and a half. The Custody Manager advised that a detainee being held for under 36

hours would be offered the general meals available. If a detainee had been held for longer than 36 hours then consideration could be given to purchasing alternative provisions.

5. ANY OTHER BUSINESS

- 5.1** The Custody Manager provided the Panel with an update on custody which included the current proposals for a shift pattern change for staff.
- 5.2** The Director of Operations provided an update to the Panel on the re-commissioning of the Appropriate Adult Service.
- 5.3** An ICV asked if following the UK Supreme Court ruling regarding the 'biological sex' whether the Force had changed any policies. The Chair advised that discussions had been taking place and ICVs would be informed when policy changes related to custody had taken place.

Noted by ICVs	DP had limited English. ICV's conversed with DP we were unsure whether he had had truly understood what had been said to him during the booking in process.	Nothing of note, all fine		Nothing of note, all fine					
Requested or raised by detainee	No requests made	Complementary about custody staff ; Food/drink requested; Requested reading material ; Asked to speak to a solicitor		Asked to visit exercise yard					
Custody Log Review	Permission refused by detainee	No issues identified, all in order		No issues identified, all in order					
Other comments	DP said he had been well treated, giving the thumbs up, and the door had a note indicating the DP only wanted halal food.	Allergy to stinging nettles noted on the door.		DP said he had been well treated. ICVs concern was that given length of time in custody he had been offered food on numerous occasions which he had declined. However, after our visit the DO offered DP tea, biscuits and a cereal bar which he accepted.

Other comments				DP refused visit but gave permission for ICVs to view log. No issues.	DP refused visit but allowed ICVs to view log. No issues, al in order.	DP had initially refused solicitor but asked us to pass on a request for a solicitor. DP had eaten 2 ambient meals but commented that the food "wasn't great".	DP expressed concern for his dog. DP had injury on his forehead; stated officer was aggressive on arrest. DP said he had a headache but had seen nurse. DP stated he has a doctor's appointment at 3pm (this is noted in the log).	DP was marked as vulnerable on the whiteboard so we requested to view his log. Log states delay between Arrival in custody (23.29) and Detention Authorisation (00.03) was due to "dealing with another DP". Log identified need for AA in Risk Assessment; TAAS contacted at 00.27; log comments confusing (00.22 entry re AA); AA notified 08.00; AA attended for rights 08.57. Detention Authorisation at 00.03, first review early at 03.51; second review early at 08.32 - no reasons given for early reviews on log.	DP identified as vulnerable on whiteboard, so we requested to view log. Despite assessment as vulnerable, Risk Assessment in log stated AA was not required. Log stated "learning needs unidentified".
Custody Officer response to issues raised.				N/A	N/A	Will give update; noted request for solicitor.	Dog situation in hand; DP's mum aware but does not have access to the DP's residence. Will update DP. Noted re headache and doctor's appointment.	Cannot explain early reviews. Re delay in holding cells - NICHE prompts comment if delay is above 30 minutes. Regarding AA - system update now say AA needs to sign for Risk Assessment so C/S may have clicked on wrong button (00.22 entry) and has written subsequent entry on log. Delay in AA attending for rights may be because TAAS had no one available.	DP has previously had an AA but hasn't required one the last few times he has been in custody.

It is the DP's first time in custody, and this is acknowledged in the log. Please clarify whether, when the DP was taken to cell (approx 03:57) was he provided with information regarding the facilities such as toilet paper, water, intercom etc. This is not narrated within the log.

Other comments				DP was complementary staying he has been "treated nice, nice food [etc]".	DP advised ICVs that she was unaware who her female officer is. Log shows DP was informed at time of detention as well as after handover. DP requested to talk to her female officer / a HCP re emotional wellbeing. DP was visibly upset / emotional. First time in custody, and leaflet given. DP requested something to distract her / pass the time, eg a book, puzzle, visit to yard. DP also requested to wash her face, if possible, as has been crying.	The printed Custody Log does not contain a Detention Authorised record. However, the summary sheet does show that detention was authorised at 15:10. ICVs asked for this to be checked on the system (niche).

Custody Officer response to issues raised.	N/a	Re Chaplain, custody sgt is making enquiries to see what can be done. He will approach the Force Chaplain for advice to see how this might be facilitated and will also give details of local places of worship. The detainee has had mental health screening (not face to face) although limited access to medical records.

Closing - ICV Overall General Comments	<p>Suite was busy on arrival, meaning ICV visit had a delayed start. Many DPs released before the visit commenced. ICVs noted there was medication in the fridge marked "M4", but no detainee in M4. Force advised this was from a DP a couple of weeks ago who left without it and had been called to collect it, but hadn't yet. It was not for a current DP.</p> <p>Stores checked, all in order expect there no pairs of socks. Raised with the Inspector.</p> <p>Library checked, all in order. Religious tracts all in order. Noted by ICVs								Force identified an appropriate adult is needed; AA appointed; Detainee injury noted
Requested or raised by detainee								No requests made
Custody Log Review								Detainee injury noted; Appropriate Adult requested
Other comments								The Log shows that the Force identified the need for an AA, and one was initially appointed through TAS (01:20am). However, the AA could not attend and later advised that the DP should be released without interview (16:13pm). However, the Force cannot release the DP as he has no home to return to (it's stated that the family shall not take him back due to the alleged offence). Therefore, the matter is with YJU who have looked at potential for an Out of Court Disposal, with the outcome decided post interview. It is unclear from the log, how an interview shall be conducted if an AA cannot attend in a reasonable time, can this be clarified? DP advised ICVs that he had not eaten for 3 days prior to detention. He ad been given food last night (a microwave curry) but the DP said he didn't like it, and ICVs observed it was uneaten. ICVs advised DP there are other options, but DP said he wasn't hungry.
Custody Officer response to issues raised.					N/A	N/A	N/A	The length of time the DP has been detained is worrying, due to AA not attending in a reasonable time. TAS are now due to attend at 6.30pm. Mum and Dad are victims of alleged offence so not suitable AAs. Nan also cannot be an AA as she was a witness, but shall look to take DP in upon release but this cannot be done until DP interviews (due to witness status).

Custody Log Review	Detainee injury noted; Use of Force indicated on log	Use of Force indicated on log	No issues identified, all in order	Inspector Review Late (1st) - no rationale recorded	No issues identified, all in order
Other comments	Use of force on arrest well documented in the log, as well as the need for the DP to attend hospital after he lost consciousness during restraint and CPR needed to be used. DP's arrival to custody was therefore delayed after arrest. When DP arrived in custody, he was intoxicated and stated "I don't know" or "I can't remember" to many of the booking in questions. When ICVs visited (9 hours later), the DP continued to present as confused, still stating "I don't know, etc" to many simple questions. This included asking the DP if he usually has memory problem, to which he wasn't sure. ICVs raised this concerned to the Inspector, upon feeding back on the visit, with particular concern that the DP may have expressed a head injury during restraint. The Log does note the DP's injuries, including cuts and grazes to the DP's face, but does not recognise the small bruising to the DP's temple that the DP's observed. In discussing with the Inspector, ICVs noted that the lat time the DP was seen by a HCP was when he entered custody after hospital (9 hours ago).	Log shows S56 (someone to be informed) requested but when attempted, the phone was off. DP is worried about his dog at home. Log shows Force aware and DP told Force that Daughter was sorting it (Daughter aware of arrest). DP told ICVs that he had requested the arresting officer put his coat in the van with him, as it contains his bank cards and cash. DP was concerned how he would travel home without this. Property log does not show that the coat was brought to custody. Travel concerns discussed with Inspector.	N/A	1st review was due at 01:54am and was completed at 02:16 (22 mins late), no rationale in log.	DP advised his socks are dirty. ICVs advised of clothing store and option for a shower, when can be facilitated. DP was complementary of Force and stated the suite was a good temperate (noting it was the hottest day of the years of far, today).
Custody Officer response to issues raised.	Inspector agreed that the DP could be rare viewed by the HCP, and would ensure this was done before interview.	Inspector advised that DP would be issued with a More Bus ticket to travel home, or, if during unsocial hours / the DP is vulnerable, a taxi would be arranged. Inspector kindly showed ICVs the new More Bus ticket machine, which allows the Force to issue bus passes to DPs.	N/A	N/A	N/A
