## SECTION 1 – INTRODUCTION AND PURPOSE

### 1.1 Primary Objectives

- 1.1.1 The South West Police Procurement Department ('SWPPD') was established in April 2012 to provide a procurement service to the police services of Devon & Cornwall, Dorset, Gloucestershire and Wiltshire. In May 2021 Avon and Somerset joined the collaboration and the name was amended to South West Police Procurement Service (SWPPS).
- 1.1.2 The Chief Constable of Devon and Cornwall is the host authority for SWPPS employing all the staff in SWPPS.
- 1.1.3 Each Customer delegates to the SWPPS authority to conduct procurements of goods, services or works notified by a Customer to the SWPPS strictly in accordance with these regulations.
- 1.1.4 A Customer may also use the SWPPS to advise on the acquisition or disposal of real property although for the avoidance of doubt the delegation in clause 1.1.3 does not apply to acquisitions and disposals of property.
- 1.1.5 These Regulations apply to each Customer and the SWPPS. They have 4 primary objectives:
- (a) To ensure that procurements conducted on behalf of any Customer by the SWPPS deliver Value For Money.
  - (b) To ensure that procurements conducted on behalf of any Customer by the SWPPS comply with Legislation.
  - (c) To establish procurement procedures which, when followed, should protect the Customers and their officers and staff and the SWPPS from any allegation of acting unfairly or unlawfully which may be made in connection with any procurement undertaken on behalf of any of the Customers by the SWPPS of goods, services or works.
  - (d) To ensure that any risks to a Customer associated with entering into a contract resulting from any procurement conducted on behalf of the Customer by the SWPPS are assessed as part of the procurement process.

### 1.2 Relationship between the Customers and the SWPPS

- 1.2.1 At the start of each calendar year each Customer will use its reasonable endeavours to identify the procurements of goods, services and works it is likely to require in that year regardless of its value. Each Customer will pass this information to the SWPPS.
- 1.2.2 Notwithstanding clause 1.2.1 each Customer shall make details available to the SWPPS of any procurement of goods, services or works that it requires regardless of its value.

## **NOT PROTECTIVELY MARKED**

- 1.2.3 For procurements the value of which is less than £50,000 (calculated on the basis of the estimated contract value across all participating Customers) the SWPPS will advise a Customer of solutions that exist to meet the relevant procurement requirement in collaboration with other Customers.
- 1.2.4 For procurements worth more than £50,000 (calculated on the basis of the estimated contract value across all participating Customers) the SWPPS will undertake the relevant procurement process in accordance with these Regulations.
- 1.2.5 The SWPPS will not implement a procurement solution for any Customer without the authorisation of the relevant Customer.
- 1.2.6 The SWPPS will keep a Customer informed about the progress of any procurement it undertakes on behalf of that Customer.
- 1.2.7 Before any Contract is awarded, each participating Customer must give its authorisation.

### **1.3 General Procurement Principles**

1.3.1 These procurement regulations are subject to the principles outlined in the Legislation. In particular the SWPPS shall apply Section 12 of the Procurement Act 2023 to any procurement process it undertakes whether it is an above or below threshold procurement. Section 12 of PA23 says:

(1) In carrying out a covered procurement, a contracting authority must have regard to the importance of—

(a) delivering value for money;

(b) maximising public benefit;

(c) sharing information for the purpose of allowing suppliers and others to understand the authority's procurement policies and decisions;

(d) acting, and being seen to act, with integrity.

(2) In carrying out a covered procurement, a contracting authority must treat suppliers the same unless a difference between the suppliers justifies different treatment.

(3) If a contracting authority considers that different treatment is justified in a particular case, the authority must take all reasonable steps to ensure it does not put a supplier at an unfair advantage or disadvantage.

(4) In carrying out a covered procurement, a contracting authority must—

- (a) have regard to the fact that small and medium-sized enterprises may face particular barriers to participation, and
- (b) consider whether such barriers can be removed or reduced.

SWPPS shall also have regard to the National Procurement Policy Statement as required by section 13 of the Procurement Act 2023 when undertaking any procurement process.

### **1.4 Scope of Procurement Regulations**

- 1.4.1 These Regulations apply to all procurements of goods, services or works undertaken by SWPPS on behalf of any of the Customers.
- 1.4.2 If there is any change to Legislation which affects these Regulations then that change must be observed until these Regulations can be revised. If these regulations conflict in any way with any Legislation then that Legislation takes precedence.

### **1.5 Officer Responsibilities**

- 1.5.1 All officers in the SWPPS must comply with these Regulations, the Police and Crime Commissioner for Devon and Cornwall's Financial Regulations and all Legislation that applies to the activities of the SWPPS.
- 1.5.2 All officers in the SWPPS responsible for managing any contract must comply with the Police and Crime Commissioner for Devon and Cornwall's Code of Conduct and Strategy for the Prevention and Detection of Fraud and corruption and must not invite or accept any gift or reward in respect of the award or performance of any contract.
- 1.5.3 All officers in the SWPPS must have regard to the principles outlined in the National Procurement Strategy. They will act professionally and in accordance with the values of Devon and Cornwall Police

- 2.1.3 The value of a procurement must be calculated in Pounds Sterling exclusive of Value Added Tax.
- 2.1.4 Contracts must not be artificially under or overestimated or divided into two or more specific procurements to avoid the application of the Legislation.
- 2.1.5 The SWPPS should identify opportunities wherever possible for more than one Customer to be involved in any procurement it undertakes.
